EDUCATION

HIT - Holon Institute of

Technology | 2021-2025

B.Sc. in Applied Mathematics

Advanced degree focused on developing mathematical models and data analysis, emphasizing analytical and critical thinking, and teamwork.

John Bryce College | 2025

Data Analyst Certification

AWARDS & CERTIFICATIONS

- Data Analyst Certification (Expected 2025) - John Bryce College.
- Outstanding Graduate, MARAM Course (Military Service).

TECHNICAL SKILLS

Data Analysis & Visualization:

Python (Pandas, Matplotlib, Seaborn), SQL, Power BI, DAX.

Office Tools: Advanced Excel (VLOOKUP, Pivot Tables), PowerPoint

Soft Skills: Analytical Thinking, Problem Solving, Visual Communication, Attention to Detail.

Profile

Data Analyst with a B.Sc. in Applied Mathematics. Skilled in translating complex datasets into actionable business insights using Python, SQL, and Power BI. Highly analytical with strong problem-solving abilities and a keen eye for data integrity.

Projects

- Financial Trend Analysis** ([View Project](#)) – Power BI analysis of financial trends and raw data visualization.
- SQL Database Optimization** ([View Project](#)) – Developing SQL models and queries to optimize data pipelines.
- Student Performance Analysis** ([View Project](#)) – Data cleaning (SQL) and performance trend visualization (Power BI).
- Smart Road Safety Audit** ([View Project](#)) – Data-driven audit of the U.S. smart transportation alert system.
- Supermarket Sales Analysis** ([View Project](#)) – **End-to-end analysis** using Python & Power BI. Performed extensive data cleaning to fix category errors and identified key revenue drivers and customer segments.
- HR Analytics — Recruitment Performance** ([View Project](#)) – End-to-end analysis of a recruitment system: who gets hired, why candidates get rejected, and what factors drive hiring success — using SQL Server and Power BI.

MILITARY SERVICE

Computer Technician, Intelligence Unit | 2014-2017

Volunteered as a Computer Technician, specializing in the repair and maintenance of computing. Responsibilities included complex technical troubleshooting and problem. Completed the "MARAM" course with an Outstanding Graduate distinction.
